THAMIZH SELVAN

Senior UI Developer| UX/UI Designer | Front-End Specialist

+91 6374466844
leadinglimat@gmail.com

Objective:

UI Developer with **11+ years of experience** in designing and developing responsive **web templates, mobile applications, and Progressive Web Applications (PWAs)**. Expertise in converting **Adobe XD and Figma designs** into **pixel-perfect, responsive HTML pages** with strong focus on performance and usability. Skilled in **Umbraco (v13+) CMS** for template development, content structuring, and front-end customization. Currently **enhancing skills in React.js** to strengthen expertise in modern front-end frameworks.

Professional Summary:

- Proficient in **HTML5, CSS3, JavaScript, jQuery, and jQuery UI** with hands-on experience in **CSS frameworks like Bootstrap, Foundation, Tailwind**, and front-end **frameworks like Angular, Framework7, and Ionic.**
- Experienced in **Umbraco CMS (v13+)** for **Razor views, Block List editing, Multi URL Picker,** and building **dynamic templates** integrated with .NET.
- Skilled in building and customizing **WordPress themes**, developing **Ionic-based hybrid apps,** and implementing **PHP & AJAX** for dynamic functionality.
- Strong experience in **page speed optimization** for SEO, including **CSS/JS minification, image optimization, ADA Compliance, broken link fixes, code clean-up, and HTML validations**.
- Developed **AMP (Accelerated Mobile Pages)** for blogs and articles to enhance **mobile performance and engagement.**
- Practical experience in **task runners and build tools** such as **Gulp, Node.js, and SASS** for efficient front-end workflows.
- Active contributor on **GitHub** with experience in **code commits, branching strategies, and resolving merge conflicts.**
- Demonstrated ability to **deliver projects with pixel perfection**, maintaining **brand consistency** and **UI/UX best practices.**
- Excellent communication, analytical, and multitasking skills with a **proven track record of team collaboration and on-time delivery.**

Currently Learning: React.js (Component-based architecture, Hooks, State Management)

Technical Skills:

- **Design & Prototyping Tools:**
  Adobe Photoshop, Adobe Illustrator, Adobe XD, Figma

- **Frontend Technologies:**
  HTML5, CSS3, JavaScript, jQuery

- **CSS Frameworks & UI Libraries:**
